- *Well managed and organized. Thank you for your efforts.*
- *Very clear presentation by consultants*
- *I strongly suggest that RWSA release cost/benefit/risks, etc., analysis to the public prior to meetings with Board of Supervisors, etc., and accompanied by ample opportunity via another public forum so that you can adequately address concerns and questions that are likely to arise about the methodology being used to compare.*
- *Good job! I look forward to the completed cost comparisons.*
- *Becky said that participants can send input to RWSA that will go on their website. Good way to encourage participation and public recognition for that work.*
- *It was fascinating and very informative.*
- *Thanks.*
