

Rivanna Water & Sewer Authority SFRR Dredging Alternative Meeting November 18, 2004

Meeting Purpose

- To clarify current information known about the SFRR Dredging alternative under consideration.
- To involve the community in assessing the overall value and concern of this alternative as a selection.
- To exchange ideas and create more collaborative solutions.

Requested Ground Rules for Participation

- Topics will be focused on the alternative presented during this meeting.
- One person speaks at a time.
- Prepared statements may be read, but we ask that they be less than 3 minutes in duration and be focused on the meeting purpose.
- Prepared written statements will be received and posted on the RWSA website.
