

**##Press Release##**

## **New Ivy Transfer Station Ribbon Cutting Ceremony**

For Immediate Release

---

---

Charlottesville, VA – August 14, 2018

The Rivanna Solid Waste Authority (RSWA) is excited to announce that construction is complete for the new Ivy Transfer Station. RSWA would like to invite the public to the ribbon cutting ceremony on Thursday, August 23, 2018 at 10:00 am. The Ivy Transfer Station is located at 4576 Dick Woods Road, Charlottesville, VA 22903. This event will be held rain or shine.

The new 11,600 square foot transfer station is designed to meet all regulatory requirements for municipal refuse disposal and will include space for future recycling services. The new facility is located on the western portion of the Ivy Material Utilization Center site and will continue to use the existing entrance and scales. The grand opening and first day of operation at the new facility will be announced soon. Until this time, the existing transfer facility and compactor system will remain in service.

Rivanna Solid Waste Authority is dedicated to protecting and improving the environment by providing recycling and refuse disposal services for the Albemarle-Charlottesville community.
