

Beaver Creek Dam No.1

PUBLIC MEETING | OCTOBER 6, 2021 | 6:00 PM

A virtual meeting is being conducted on Wednesday, October 6, 2021 at 6:00 PM EST to discuss the Beaver Creek Watershed Structure No. 1 Planning Study. The project team will update the public on the status of the project, present the evaluated spillway upgrade alternatives and describe the sponsors preferred alternative. The project is located in Albemarle County approximately one-half mile north-northwest of the intersection of Browns Gap Turnpike/VA-680 and Three Notched Road/VA-240 and involves the rehabilitation of Beaver Creek Dam No. 1 to meet State and Federal requirements for high-hazard dams. The multi-purpose Beaver Creek Reservoir No. 1, operated by the Rivanna Water and Sewer Authority

(RWSA), serves as the sole municipal water supply for the Crozet Area in Albemarle County.

This meeting will be held virtually using the Zoom platform. A link to the meeting location will be posted to RWSA's website at <https://www.rivanna.org/rwsa-projects-map/beaver-creek-improvements/>. Residents and interested parties will have the opportunity to ask questions and express any concerns about the project to the team. Following the meeting, the presentation will be posted to RWSA's website for anyone who is unable to attend live. Questions and comments will be received until October 20, 2021. Additional details for accessing the recorded meeting and submitting feedback will be provided during the live presentation and posted to RWSA's website.
