

RIVANNA

WATER AND SEWER AUTHORITY SOLID WASTE AUTHORITY

STRATEGIC PLANNING INPUT SESSION

The Rivanna Water and Sewer Authority and Rivanna Solid Waste Authority are developing a strategic plan to guide the organization's priorities and activities for the next five years and beyond. To ensure that the priorities of the Authorities align with those of the community, Rivanna invites members of the public to participate in a strategic planning work session on August 3rd. This work session will focus on Rivanna's role in protecting public health and serving as an environmental steward, specifically as we provide the community water supply, drinking water, wastewater, refuse disposal, and recycling.
